Dear 9th Grade Parents and Students:

This is just a quick note to let you know that our Freshman Orientation program will begin **BEFORE** Labor Day. We feel the program is helpful to incoming students and parents with most families attending, however, participation is optional. Please be advised of the following:

We have set Wednesday, September 2, as the date for Orientation for both freshman students and their parents. Both parents and students will meet at the high school, with parents reporting to the auditorium and students to the gym.

As part of our orientation program, freshmen will also be invited into the school on Thursday, September 3. This is an abbreviated day which will run from 12:30 until 3:00 p.m. and is also considered optional for incoming freshman students. Information regarding bus pick-up will be included in the August mailing.
