## Parent and Student Portal

### PowerSchool Parent and Student Access

PowerSchool provides parents and students round-the-clock access to real-time information about attendance and grades. The public site also provides a means for teachers to communicate with parents or guardians about class events and assignments, and ways they can help their child at home. Students, parents and guardians can contact teachers via email – teachers' email addresses are linked right on the front page.

### Getting Started

All parents and students should have received a letter that gave you your username and password. If you did not receive this information, please contact Mrs. Lees, Guidance Department West Morris Mendham, or Mrs. Oatley, Guidance Department West Morris Central. Note: For security reasons, we do not email this information or give out passwords and user names over the phone.

### Logging on to Student Access

1. From your web browser you can navigate directly to the PowerSchool which is located at the following URL: <https://ps.wmrhsd.org/public/>
2. Students will select **Student Access**. Parents will select **Parent Access**. Once this is done, please follow the prompts as indicated below. **Note:** The characters will appear as asterisks (\*) to ensure greater security when you log in. Click submit.

The image contains two sets of screenshots illustrating the login process. The top set shows the 'Choose Your Access' screen with 'Student Access' selected, leading to a 'Student Login' form with fields for 'User Name' and 'Password', and a 'Submit' button. The bottom set shows the 'Choose Your Access' screen with 'Parent Access' selected, leading to a 'Parent/Guardian Login' form with fields for 'User Name' and 'Password', and a 'Submit' button. Below the parent login form is a 'Create an Account' section with a 'Create Account' button. A 'User Guide - How to Create a Parent/Guardian Account' link is provided at the bottom right of the parent login section. Blue arrows point from the 'Student Access' and 'Parent Access' buttons to their respective login forms. A red arrow points from the 'Submit' button in the student login form to the text 'Click Submit.'

## The Parent and Students' View of PowerSchool

When you log in to PowerSchool, the start page appears. This page serves as the central point from which you begin your PowerSchool session and defaults to the Grades and Attendance screen. The PowerSchool start page consists of the following main areas:

→ Navigation bar / Main menu

→ Printer icon / ? / Logout buttons

The main menu consists of the following: Grades and Attendance, Historical Grades List, Attendance History, Teacher Comments, School Bulletin, Graduation Progress, Demographic Information, Password, Access Logs

### Grades and Attendance

Use this page to view the grades and attendance for the current term. The legend at the bottom of the page displays the attendance codes and their meaning.

Current or marking period grades for each course in which you are enrolled are listed next to the course name on the Grades and Attendance page. Clicking on the grade displays assignment information. This feature also helps parents know how their student is performing throughout the term and helps prevent them getting a surprise when report cards come home. Students and parents can see when assignments are due and whether students are falling behind in their work. Clicking the name of the assignment (if the letters are blue) will provide a description of the assignment. If assignment scores display in blue, clicking the score will show a score comment. There may be a note indicating that the final grade may include assignments that have been created but not yet published. Parents and students can email teachers by clicking on a teacher's name.
